NOTES:

1. This table shows the sequence in which students should be taking courses throughout the program (i.e. start with RAIC200, then ARCH330, etc). Courses that appear on the same row can be taken concurrently (at the same time, or in the same term).

** 2. ARCH320 and ARCH350 were added to the sequence as of Term 1, 2013. Only students that registered with the Syllabus Program starting January 1st, 2013 are required to complete these two courses.

3. The codes for Design Studios have been changed to reflect the numbering sequence under Athabasca. Note that for easy reference, the old course code is included in brackets.
